DESIGN THAT INSPIRES

Davis Furniture trusts in the power of design. Uplifting design encourages us to look ahead to a promising future filled with infinite potential. More than ever, we believe it is our mission to offer products that are inspiring, intriguing and influential. Therefore, we've spent the last few years taking a deep dive into how our design-driven products not only set the tone but also enhance the spaces they occupy and the people who use them.

We believe design is about choice. With this in mind, we've comprehensively analyzed global market trends, materiality and color. The result is a diverse selection of new products and finishes poised to excite, captivate and empower designers to help create a brighter future. As we begin this new journey, we're excited to be a part of the upcoming design narrative and look forward to collaborating with our clients as we shape our world.

ELEMENTS

Davis Furniture's Elements product offering enhances design through a curated collection of internationally-inspired accessories which add visual intrigue and captivating design details to the aesthetic of any space.

Now available in a vast range of new colors, which thoughtfully complement the Davis Color Story, Elements continue to provide functionality and architectural appeal. *Shown left to right - Dots Coat Hooks, Hans Stool, Ginkgo Lounge, Bonh Planter, Flip Umbrella Stand, Line Coat Rack and Whisp Coat Rack.*

AURORA LEATHER COLLECTION

Davis Furniture's design-driven narrative is rooted in a rich history of developing globally inspired products offered in unique colors and materials. The result of a recent collaboration between Tiger Leather and Davis Furniture, the Aurora Leather Collection offers sixty colors that reflect international design and fashion trends while coordinating with Davis' unique color story.

Made in Italy with the top 3% of graded hides, the Aurora Leather Collection represents the highest standard of quality and craftsmanship within the leather market. This profoundly hygienic leather is engineered to withstand the most challenging stains through its antimicrobial qualities that resist and repel harmful microorganisms. By pushing the boundaries of product design, manufacturing and materiality, Davis Furniture continues to assist designers in setting the tone of their interiors through aesthetics, functionality and durability.

DESIGNER COLLABORATIONS

Our dedication to excellence through user-centered design and functionality is reflected through our collaborations with leading international designers. These partnerships allow us to push innovative boundaries to create products that are cutting-edge and globally inspired.
